

# COMPANY PROFILE

**Nevri Electro**

**2025**

**CV. Nevri Electro**

An Indonesian Limited Liability Partnership

# WHO WE ARE

**CV. Nevri Electro** is a trusted electronics and energy solutions provider, specializing in the supply of transformers, printed circuit boards (PCB), LCD, and various electronic components. With strong expertise and commitment to quality, we also deliver high-voltage equipment and solutions for the oil and gas sector, supporting industrial growth with reliable and innovative technologies.

**Powering Innovation,  
Connecting Industries**

# OUR MISSION

To provide high-quality electronic products with the highest standards.

# VISION

Become a trusted and innovative provider of sustainable electronic and energy solutions, driving industrial growth and supporting the oil & gas sector through reliable, safe, and eco-friendly technologies.

“A great leader’s courage to fulfill his vision comes from passion, not position.”

- John C. Maxwell

“The mission of a business is not to make a profit. It is to create a customer.”

- Peter Drucker

# WHY CHOOSE US

---

## 01 Trusted Quality

We provide only high-standard electronic and electrical products, ensuring safety, reliability, and long-lasting performance.

## 02 Expert Solutions

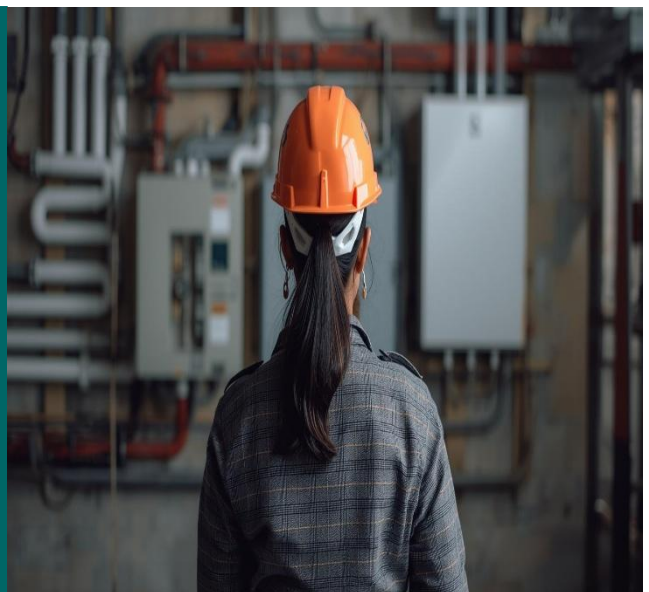

With strong expertise in electronics and energy systems, we deliver tailored solutions to support industries, including the oil & gas sector.

## 03 Customer Commitment

Your satisfaction comes first. We offer responsive service, competitive pricing, and long-term partnership you can count on.

**Empowering Energy**

**Enabling Progress**

# ORGANIZATION

Director of the CV

## LEGALITY

---

### 01 DEED OF INCORPORATION

03<sup>rd</sup> Sep 2025 - Number 02

**Fitri Zakiyah, S.H., M.Kn.**

SK. Menteri Hukum dan Hak Asasi Manusia RI  
Nomor AHU-0076947-AH.01.14 Tahun 2025

### 02 TAX IDENTIFICATION NUMBER

**1000 0000 0539 4057**

NPWP - Nomor Pokok Wajib Pajak  
Registered on 03<sup>rd</sup> Sep 2025  
KPP Pratama Bengkalis

# FOOT PRINTS

## 01 Switchboard & VSD

Design and supply of fixed-frequency and variable-frequency drives for Electrical Submersible Pump (ESP) applications.

## 02 Enclosure Making

Manufacturing of general and custom enclosures with various ingress protection ratings, including junction boxes.

## 03 Protection Fuse

Wide range of fuses, specially engineered for ESP applications in switchboards and VSD panels.

## 04 Simulator Kit

Development of portable simulator kits to support training and field operations.

## 05 HMI Display Integration

Custom HMI displays for seamless device connection and system integration.

## 06 Device Repair Services

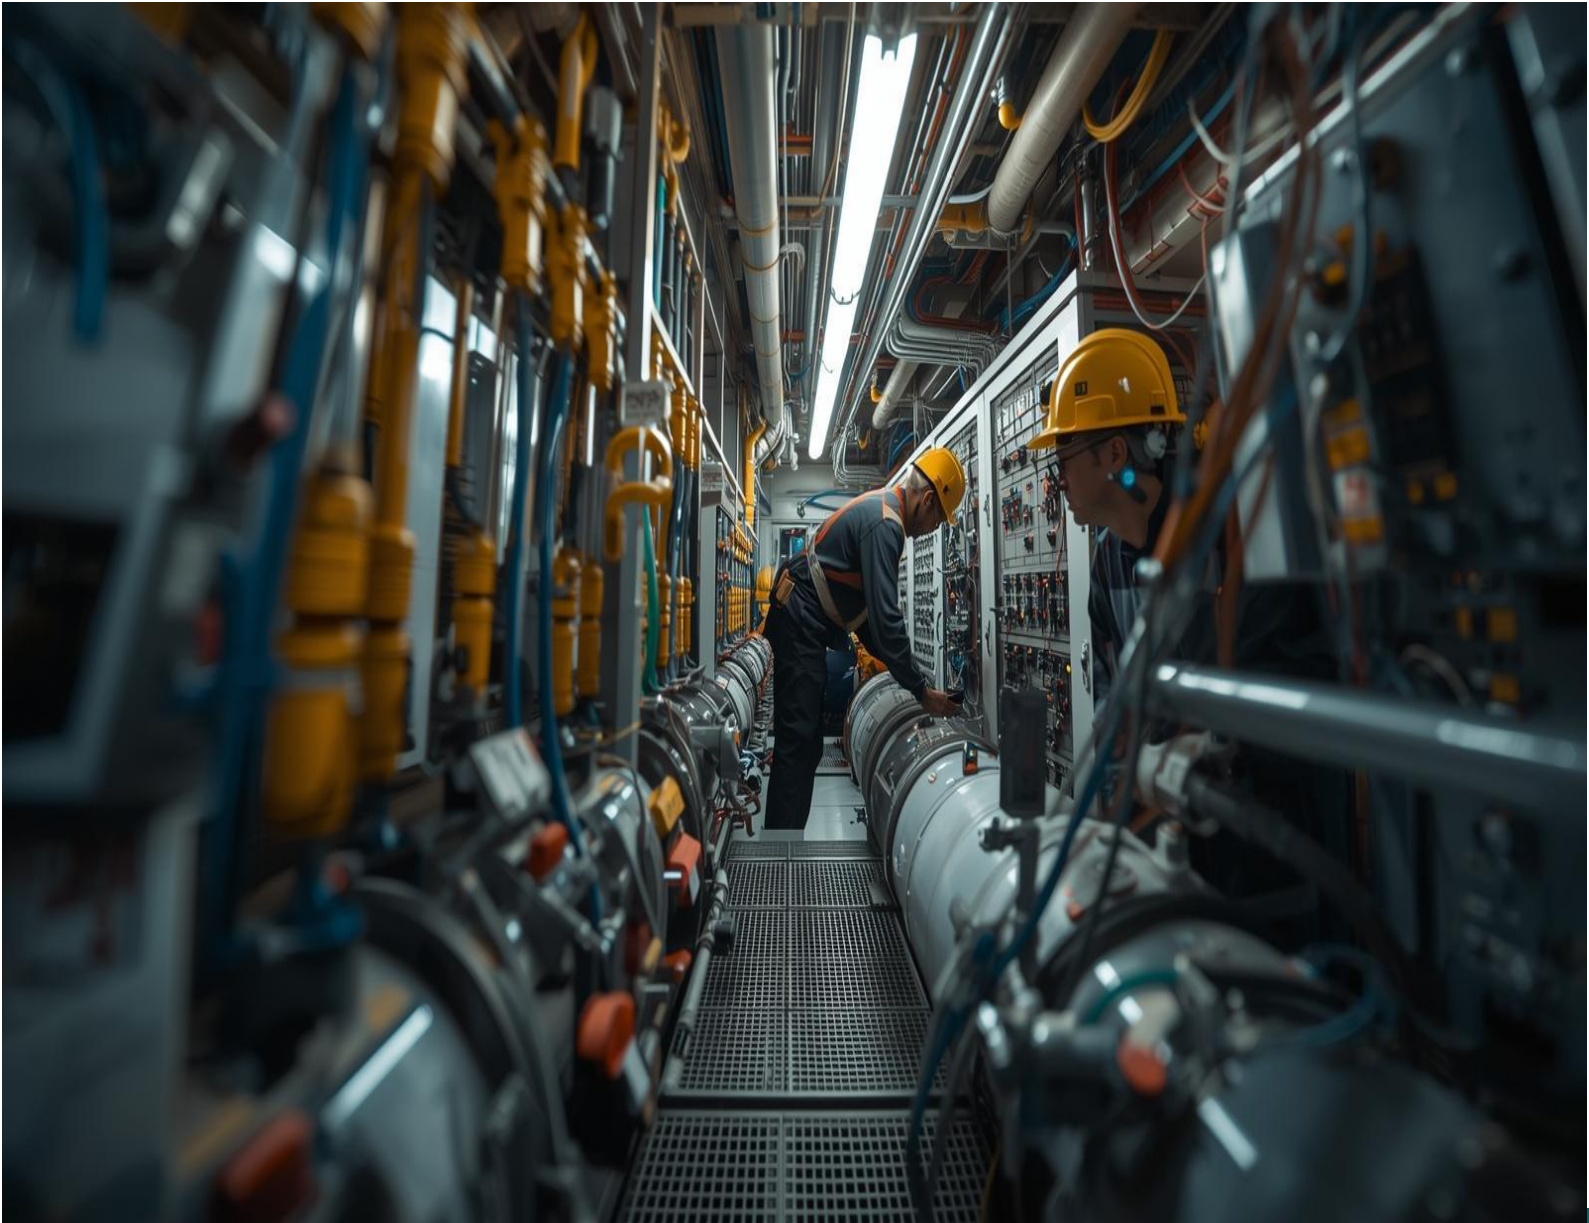

Comprehensive repair services, with a focus on equipment related to the Artificial Lift segment.

## 07 Mechanical Equipment Manufacturing

Manufacturing of specialized mechanical devices for Artificial Lift, such as Cable Spoolers, VSD skids, and more.
